Universal™ Table

For every table.

WizardPDS® - *ready!*

Expand your existing line with Wizard-ready tables... *even discontinued models.*

The Universal™ Table is designed exclusively for adding to and extending WizardPDS® Automation to your existing table line… even discontinued models. Turn your 42' manually jigged line into a 66' fully automated powerhouse.

Add on to any existing WizardPDS® ChannelS® retrotfit – or as an available option to new WizardPDS® retrotfit packages.

The Universal™ Table is built for years of trouble-free service and Wizard-ready for quick automation installation.

For every table.

✓ Adds Wizard-ready tables to any system
✓ Works with ALL table/gantry types… *even discontinued models.*
✓ 92″ Table Width x Your Table Depth.
✓ 4″ Ejector Pocket between tables.
✓ Ejectors to right or left of table.
